MORE MAURER 2019

Our novelties of 2019: Paper is once again the focus of our interest. Simple, beautiful, and sustainable. Butterflies whirling over light bulbs, casting shadows on the ceiling. Make them yours. But there is much more – *Oskar On The Shelf* and the new, improved *Looksoflat* offer functionality and good looks without frills. Beautiful *Koyoo*, the dazzling blue *Luzyz* and our two special *Zettel'z* are too good to be missed in the midst of Milano's multiple charms – so here they are. Enjoy!
